## Solo Show

*My thanks to Cassidy for providing a marvelous exhibit space for fine artists throughout this area – The Body Gallery offers both members and guests the opportunity to enjoy and become familiar with an array of work from each artist in a solo show. The pieces I have selected to show include oils, acrylics and watercolors. The range in age of work spans 1963 to my current work in 2015. Each painting is accompanied with a comment that I hope allows you a deeper appreciation of my thinking on each painting.*

– John Hopper

*The Solo Show consist of 15 pieces, most recent work, but a few dating back as early as 1963.*

There will be no Artist's Reception for this exhibit, however, you may see it by appointment. Call: 415-776-6641.
